Score points on Super Bowl Sunday

What if you had a special lucky charm ... a big disc of deliciousness that boldly showed which team will win Super Bowl XLIII?

What if every time someone took a bite, Kurt Warner connected with Larry Fitzgerald for a big score ... or Darnell Dockett connected with Ben Roethlisberger for a big sack?

This would be TRUE PARADISE. Okay, we can't guarantee that our giant cookies have magical powers, but it's been a pretty magical season for the Arizona Cardinals so far. We're all about keeping the momentum.

So, order giant cookies for Super Bowl Sunday. Show your guests you know who's going to win. Tell them to nibble. A lot! It's the best way to keep your team – and your party – in the red zone.
